- Wireframing and Mockup Design
- Databases: Oracle, SQL Server, MongoDB
- Project Management

EDUCATION

June 2023
Full-Stack Developer Certificate Web Development
University of Washington, Seattle, WA

June 2019
Bachelor of Science Biology
University of Washington, Seattle, WA

PROFESSIONAL SUMMARY

With a solid understanding / foundation in building end-to-end applications, I aim to enhance the user-experience in the internet economy. My goal is to make it easier for users to achieve their own goals through simple, yet effective application designs.

PROFESSIONAL EXPERIENCE

May 2023 - June 2023
Full Stack Developer (Project Portal) *UW Bootcamp Project Three*, Seattle, WA
- Assisted users to form teams around various project ideas
- Implemented a server using a mySQL database with React to persist data amongst users
- Worked in teams efficiently to produce a robust, full-stack application within a small time frame
- Managed development milestones from initial steps through final delivery
- Integrated web-socket for live chat experience
